I was lost searching endlessly
I was looking for the other part of me
So alone, I was blinded by the light
In the dark, chasing shadows in the night

I can see you running through my mind
In a dream in another space and time
A fantasy, I never thought could be
You come along and set me free

Face to face, I can't believe it's real
Heart to heart, I want to tell you how I feel

Now that I found you I'll never let you go
I want you more than you'll ever know
I can see forever when I look into your eyes
And I'm gonna love you for the rest of my life

I remember living under ground
My heart was beating
But I never heard the round
Sweet surrender, I finally understand
You touched my soul, showed me who I am
