Good guys finish last ...  
In result my concern  
Take your time wait your turn  
Winds gonna blow just stand firm  
Well our man will take a plain  
.. first class and never look your way  
.. will perform on the same stage  
Patrol cross country two whole days  
.. pigs along the way  
People we met what they say  
I was out of town when I heard your voice  
It hurt like hell but made a choice  
.. I came from nothing  
Burn the whole truth ashamed and , nothing  
Lets me know I have been through something  
Only the .. will survive the struggle

Chorus

Congratulation  
Say I have been through much  
Always on the ..working this  
Working that

Fuck it this used to be my attitude  
Coming from a place were you really got lucky  
Never thought I will see a day the devil couldn't touch  
me  
What the hell would I know never ,  
The war from the country the middle of Kentucky  
.. special and one ..to open being .. wouldn't change by  
the ,  
I had to make a choice keep running no stop  
I ain't .. but a nigger learnt a lot.. know a few that didn't  
make it out  
So we poured into a liquor make a toast and take a shot  
For the wars that we lost on our way to the top

Chorus

Congratulation

Say I have been through much  
Always on the ..working this  
Working that  
.. fight till final  
Nice with the left hitting better with the right

First day of school,  
I am always keep .. of cool  
Spending my days at the bar  
High school buddies .. Kentucky  
Touch me .. know I will be miss  
And my girl stay down ..  
She could do better  
I knew it so I let her  
Only 1 trying to deal with the pressure  
Heard you boy trying to be the next ,  
My efforts put it to a ,  
A couple ,  
Took a while to ,  
But the .. lives on .. became you  
And if I could everybody on the hills to salute  
No hill no wait through  
To everyone .. is time that you

Chorus

Congratulation  
Say I have been through much  
Always on the ..working this  
Working that

It's all for one and one for all  
Together we're gonna stay ..  
Regardless whom we're gonna ..  
Back against the wall is us against them all  
Get myself .. I made it this far  
..but they break that  
And cry when they break up the bar  
It was hard but .. the sky is the limit  
.. is far from over .. finish got a .. and a future  
And how to win it  
Now we got it we're gonna defend it

I came lost none of us was on the same class  
But I looked out for me like staying ..  
Perfect example of making good things last  
Through sunshine and rain and when the rain passed  
we stood  
Strong .. never changed past .. spitting on the same  
tracks  
Not only that your boys fight but I am kicking that ass

Chorus

Congratulation

Say I have been through much

Always on the ..working this

Working that

He will fight he will fight

Nice with the left even better with the right

Thanks to feel
