We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off

We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off

This nigga no games with my Hanes tee shirt, with a pic
and roll chain

Doo-rag, heavy blue 'Lac , 85 South, don't drive it too
fast

My niggaz don't roll no billies, get a big box of them
brown Dutches

We don't want no brand new Cartel

Brandon lemme get them keys to the Cutlass

Represent for the M I L, the A T L, the Macktown

Stay smokin' that smackdown, keep myself a little half
pound

You know me, still in the cut, on the back po'ch Jig
drillin' it up

Black folks just livin' it up, court next week not givin a
fuck!

What's up? Grown standin, only rap to them grown
women

Stay high, we'll play shy, least till I can get home wit
'em

Shorty whattchu thinkin'? Whattchu drinkin'? Thinkin' it
is what it ain't

I can't be trickin', so don't be trippin', thinkin' I can't
when I can't, come on

We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off

We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off

Nigga hooked it up, like the waitress from the IHop
Nothin but the grits, steak, and egg with that
Waitin for the five dollar pancake, front-back side to

side

Them polly country boy, Cadillac, cat sick in the multi-color

All clean twenty inches at the seam plenty chickens
Get the green spit the swishers at the Beam shit done seem

Craziest muh'fucker, what y'all niggaz do for cream
Never knock the hustle scheme, only what the cheddar bring

Hate, fake-niggaz, hoes, envy, greed, jealousy
Can't hate, what a nigga make, type of enemies
Smilin' in my face but they really ain't no friend to me
Can't wait, send em eight straight nine milli-mee
Aww hell naw, y'all niggaz ain't feelin' me!
Colt 45 everytime like Billy D
Ninety-five [Incomprehensible] leave through
Tennessee
Quarter pound with the chron' fuckin wit my memory

We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off
We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off

Peanut butter, rag-tops, what's fuckin' wit that?
String beans pork chops, what's fuckin' wit that?
Dime sack with the gnac, what's fuckin' wit that?
What's fuckin' with that? What's fuckin' wit that?
Every Chevy on dubs, what's fuckin' wit that?

What's fuckin' wit that? What's fuckin' wit that?

Go down to the country, you won't wanna go back
Vertical grills in front of the 'Lac
Guns roll so fast put one in my back
Plus a buncha country boys wit gats
You don't want none a that
Keep my nine right beside me, at all times
'Coz I be in the line, like some of these niggaz you find
Don't want you to shine, right yea

From the side and nine to nine
Roll around here somethin' tryna sell mine
Lord know but I got a dime early time
Got me feelin' to', now my Eggo's cold
See I'm a country boy, close the door
Clinton and Gore, y'all been warned

Guns and more, better hit the floor
Them yeggaz want ya 'coz they comin' in with them
laws

Fuck yo life, buck my chife and I got my ride, fool, I'm
ready to ride
For my yeggaz I'ma bring it to you dead or alive
Yeah that's fo sho' ya betta know that
You a nasty hoe, ya betta show that
Got a quiet lil' spot we can go at
And if you ain't wit that, we can show you where the
doe at

We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off
We just some country boys, country walk, country talk
Don't bring it round here 'less ya know fa sho' it's
jumpin' off
