All my life been po' but it really don't matter no mo'
And they wonder why we act this way, Nappy Boys gon'
be okay

All my life been po' but it really don't matter no mo'
And they wonder why we act this way, Nappy Roots
gon' be okay, okay

We came in the game, plain ya see
Average man when the rest was ashamed to be
Nappy head and all, ain't no changin' me

So rough it was, downright wrong I tell ya
Nobody never gave us nothin' but tough time and
made us somethin'
Different stretch of road, new somethin' to see
Every state on the map, a different somethin' to eat

Daps and handshakes, it meant nuttin' for real
Everybody makin' a killin' man, showin' no feelin's
Walkin' off collectin' pay, it's the way of the world
Can't change it, so I guess I'm gon' pray for the world

Sometimes I ask myself, was I made for the world?
I scream this to you, and I say it to the world
Nappy then, Nappy now, Nappy for a bit
Knee-deep, head over heels in this country shit

All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Boys gon'
be okay

All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Roots
gon' be okay, okay

Even though I picture better days
I'm thankful for the chance I got to say amen
The Lord done blessed me with his grace
I wish this day would never end

We represent the slums, where we from, we feel they
bump
Polish shot off on these presidents, and hard times

they go and come
Some take up off, without the chance, to make it at all
Who woulda thought skinny'd be the one that's, makin'
this call

Lord, help me out, tell me where I went wrong
I'm tryna find a righteous path, although it's, never
been long
I gotta do it for my sons, they tellin' me, daddy be
strong
We gon' make it through these hard times
Even though they go and they come

Ya absolutely right, for somethin' happen to me on last
Tuesday night
It's plain as day, man they with this world trade
Naw brave any order but confoldure
Better make it home when nothin' seems to matter
That's when, see, everything can go any which way
They got me fooled, see the henny with the J
Front porch, chillin' broke, country folk, man I'm Nappy
with my ways yo

All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Boys gon'
be okay
All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Roots
gon' be okay, okay

It's a blessin' we woke up this mornin'
All my colored folk stressin', come let's join hands
Got the folk with depresses of being po' man
Poppa taught me an order, survive for no man

Nappy got some from the roots for we gon' stand
Prophit grew from a juvenile to a grown man
Ya gotta take responsibility for ya own man
Zonin', two blunts a mo'nin, by sunrise sometimes

I love to hear my woman moanin', it's on again
Damn I hope you play this song again
The soul cleansin', the melody just read my end
Not a lot of things but usually just appendin' my lady
Been searchin' bendin' and saw my folks locked in the
tenants
And it don't make any sense why children and
sentencin'
Broadcastin' from the slums, that's why I'm writin'
these sentences
Just lower my income, what though we ain't finish it

All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Boys gon'
be okay
All my life been po', but it really don't matter no mo'
And they wonder why we act this way, Nappy Roots
gon' be okay, okay
