Is the south side in this muthafucka?

(Hell yeah!)

Is the north side in this muthafucka?

(Hell yeah!)

Is the east side in this muthafucka?

(Hell yeah!)

Is the west side in this muthafucka?

(Hell yeah!)

This for my thugs baby and for the club baby

We keep it crunk, smokin' weed and gettin' drunk

(Around the globe)

Atlanta, Alabama

(Country as hell!)

Kentucky, Carolina

(Country as hell!)

Miami, Tennessee

(Country as hell!)

Mississippi, New Jersey

(Country as hell!)

Yo, aw man, the grass done got greener on the other
side of the fence

So I hopped my ass over to see if I was convinced

Fast-paced city life, but country livin's the sense

Man, I copped me a Caddy said, "To Hell wit' a Benz"

Benz, Benz, twenty-inch rims

I can't leave the verti-cal grill at the back of the ranch

Got a phat farm with cows and a whole lotta land

20 acres to my name son we ain't been there

Meanwhile up in the D where they holla it up though

Thugs blow weed in the park where the club close

In Milwaukee the beast is petro, off in DC the streets is
ghetto

Let's roll to Cali where they chief the best 'dro

And drive cars so big you can't reach the pedals

Never had a glass of purple juice for breakfast

Until I took my ass to Houston, Teaxs

This for my thugs baby and for the club baby

We keep it crunk, smokin' weed and gettin' drunk

(Around the globe)
New Orleans and D.C.
(Country as hell!)
Texas, Indiana
(Country as hell!)
Detroit, Chicago
(Country as hell!)
Cali, Ohio
(Country as hell!)

Copped a pair, they was sportin' jonesin'
New Orleans, went for the Cajun, winded up stayin'
Kentucky it was meth and Miami they was lacin' it
Rapped my ass off at N.Y.C. at the Bassment
Hit VA where they do nothin' but cook
Carolina, Indiana, Alabama, Savannah
Boston, Denver and all points between
Tennessee, Florida ain't nuthin' but blood for ya

Yo, yo, yo, now shake it, go'on sit back and let your hair
blow
Spanish chicas waving hasta leugo, worldwide drop,
weather's bueno
They say opposites attract, I'm a moreno
[Incomprehensible]
(So clear)
[Incomprehensible]
(My dear)
Shy girl all she wanted to do was fuck and cum
Top of the hill take a breath from her lungs
Country boys been over seas
Toppin' it off, London, Germany
(Nappy Roots, Ying Yang we keep it crunk baby)

This for my thugs baby and for the club baby
We keep it crunk, smokin' weed and gettin' drunk
(Around the globe)
New York, Milwaukee
(Country as hell!)
Florida, St. Louis
(Country as hell!)
Finland, Minnesota
(Country as hell!)
Vegas, Seattle
(Country as hell!)

Now shake it go'on sit back and let your hair blow
Ladies make your hands clap up bueno
Now shake it go'on sit back and let your hair blow
Holla at ya boy, hasta leugo

Aight, first say a prayer for those in combat
Might can throw some'in' on a grill when you come back
Might can take a trip to the 'Ville
And in fact we can all get loose on the porch
And of course, hit Church Hill Downs, thow some in on a
horse
Or we can hit dem St. Clair waters
You ain't seen country 'til you been through Georgia
Gotdern, they still got girls in perms
(Damn)
Big cars, big wheels is the biggest concern

In my old Kentucky home
I was born and raised on catfish and corn
Collard greens and fatbacks it's country 'an a mug
Don't care where you stay you got country in your blood
If you love and that's that
Circle the globe, met the poor and the paid
Now I know for a fact that
(We keep it crunk baby)

This for my thugs baby and for the club baby
We keep it crunk, smokin' weed and gettin' drunk
(Around the globe)
Country as hell!
(Around the globe)
Country as hell!
(Around the globe)
Country as hell!
(Around the globe)
Country as hell!

Is the south side in this muthafucka?
(Hell yeah!)
Is the north side in this muthafucka?
(Hell yeah!)
Is the east side in this muthafucka?
(Hell yeah!)
Is the west side in this muthafucka?
(Hell yeah!)
