if i told you that i loved you  
could you tell me what you would say  
would you be happy if i opened up  
or would you turn around and walk away  
cos girl i know its been a short time  
since the first day i saw your face  
i don't really wanna jump the gun but right now you're  
my number one (yeah)

i never thought the day would come  
i would open up my eyes and i would see the sun  
i've always been afraid of love  
but right now i feel invincible with you around  
baby now i know that you're a superhero  
baby now i know that your love is incredible

i knew it from the first time it crossed my mind  
i said don't play no games, this girl i think i'll call her  
mine  
something's changed it's like you're in my head all of  
the time  
i can't explain it's like i'm hypnotized just by your smile  
usually i would switch out, change pace  
when they get too close i'd pack up, change face  
i tried my best but girl i could not resist  
you did something to me with just one sweet kiss

i never thought the day would come  
i would open up my eyes and i would see the sun  
i've always been afraid of love  
but right now i feel invincible with you around  
baby now i know that you're a superhero  
baby now i know that your love is incredible

i can't deny when i look up in your eyes  
the way your cute smile makes everything alright  
i know you move faster than the speed of light  
you take me to the stars and back before the end of the  
night  
you've broken down the barriers to my heart  
with your superhuman strength you've given me a new

start

i never thought the day would come  
i would open up my eyes and i would see the sun  
i've always been afraid of love  
but right now i feel invincible with you around  
baby now i know that you're a superhero  
baby now i know that your love is incredible
