I can't budge, baby
I can't move
Without your love to guide me
I don't know, honey
That's the truth
Why laid you there beside me, yeah

Hit me with your love, oh oh
Your lips were meant for mine
Nobody else can make me like a
Yeah-eah

Bonfire
Your love set them on fire (ooh ooh ooh)
Burning deep within me
That's some folks said
It's no good to smoke in bed (ooh ooh ooh)
Oh, but I just turned off my ears
And I jumped into the fire again

Oh oh oh

Bonfire
Your love set them on fire (ooh ooh ooh)
Burning deep within me
My love just grows
No matter where the wind blows (ooh ooh ooh)
Oh, but since you touched me I can't hide
And I've been so alive there with you

Bonfire
Come on, let me love you

My bonfire, baby
Bonfire
Come on, let me love you
My bonfire, baby, ohhh

Hit me with your love, oh oh
You opened up my heart
I just can't live without you
No, no
Ooooooooooooh, ooh

Bonfire
Your love set them on fire (ooh ooh ooh)
Burning deep within me
That's some folks said
It's no good to smoke in bed

Bonfire
Your love set them on fire (ooh ooh ooh)
Burning deep within me
(Some folks said)
Burning love is what you are

Bonfire, oh oh oh oh
(That's what you are)
Bonfire
Burning love is what you are
Bonfire
Burning love is what you are
Bonfire
Burning love is what you are

Bonfire
Burning lo-o-ove (is what you are)
Bonfire
Burning lo-ove (is what you are)
Bonfire
Burning love (is what you are)
Bonfire
Burning love is what you are
