(Diane Warren)

Tonight, put your heart next to mine
We'll take flight
And we'll leave the world behind
Where there's storm there
And when we touched down
That touch will take us where we wanna be
So, come away with me

Baby, destination love, got a sight set
Destination love, it's a short bet
Heaven awaits just a heartbeat away
Tonight hold your promise our destination love
Destination
Destination love
Destination love
Destination
Oh, love's our destination

So, hold tight
God let clouds into the sky
Feels so right
I have never been so high
There in your eyes, I see my paradise
It's standing closer and closer I get to you
It's love we're getting to

Baby, destination love, got a sight set
Destination love, it's a short bet
Heaven awaits just a heartbeat away
Tonight hold your promise our destination love
Destination
Love--
Love's our destination, love
Love, love---

Oo-oo-oooh oh, yeah
Yeah, baby

Destination love, got a sight set
Destination love, it's a short bet

Heaven awaits just a heartbeat away
Tonight hold your promise our destination love
Got a sight set
Destination love, oo-oooh, ooh, ooh
Love, love--
Destination
Love---
Love, love--
Love's our destination, love
