I'll go to any lands  
to lay my hands on him  
take me to heaven  
just so he'll give, just so he'll give in  
I want the lying share  
livestock and heartache  
you see, it's only fair  
I need him, oh yes, I need him for lovesake  
oh God, for lovesake let him touch me  
mm-mmm, for lovesake let him love me  
oh ohh, for lovesake let him need me  
oh God, for lovesake  
he's in good nature now  
I know him not for heart  
but I don't wanna wait around  
so don't keep me waiting  
don't keep me in the dark  
[chorus]  
I'm not in love  
because he's loving me  
so take it all, don't make me crawl  
I'm begging not to let it be, be,  
be---  
[Chorus]  
[sax solo]  
don't keep me waiting  
don't keep me in the dark  
[chorus]  
for loveske  
for lovesake  
let him touch me, for God sake  
let him lo-ove me  
let him need me  
let him touch me...
