Sometimes good, sometimes bad  
Sometimes the best you've ever had  
Sometimes happy, sometimes sad  
Sometimes life becomes a drag

When you put that lovelight on my brain  
There is only things begin to change  
Since that day, I've never been the same  
Won't you let me explain

That I am what I am  
And I do love you  
I'm sure I adore  
All I wanted is something more  
Something more  
There is more

Sometimes hawking, sometimes the look  
Sometimes my heart's an open book  
Sometimes crazy, sometimes sane  
Sometimes I hope you feel the same

When you put that lovelight on my brain  
There is only things begin to change  
Since that day, I've never been the same  
Won't you let me explain

That I am what I am  
And I do love you  
I'm sure I adore  
All I wanted is something more  
Something more  
There is more

I am what I am  
Baby I'm, baby I'm what I am  
I am what I am  
Baby I'm, baby I'm what I am

I am what I am  
Baby I'm, baby I'm what I am  
I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

I am what I am

Baby I'm, baby I'm what I am

When you put that lovelight on my brain

There is only things begin to change

Since that day, I've never been the same

Won't you let me explain

That I am what I am

And I do love you

I'm sure I adore

All I wanted is something more

I am what I am

And I do love you

I'm sure I adore

All I wanted is something more

I am what I am

And I do-o-o love you

I'm sure that I adore

When all I wanted is something more

I am what I am

And I do love you

I'm sure I adore

All I wanted is something more
