May you never lay your head down  
Without a hand to hold  
May you never make your bed out in the cold

You're just like a great strong brother of mine  
And you know that I love you true  
You never talk dirty behind my back  
And I know there are those that do  
Please, won't you please, won't you bear in mind  
Love is a lesson to learn in our time  
Please, won't you bear in mind for me

May you never lose your temper  
If you get in a bar room fight  
May you never lose your woman overnight

And I'm just like a good warn sister to you  
And you know that I love you  
You hold no blade to stab me in the back  
And I know that some do  
Please, won't you please, won't you bear in mind  
Love is a lesson to learn in our time  
Please, won't you bear in mind for me

Do do do  
Do do do  
Do do do

May you never lose your love  
May you never lose your love  
May you never lose your love

And you're just like a big strong brother of mine  
And you know that I love you true  
You never talk dirty behind my back  
And I know there are those that do  
Please, won't you please, won't you bear in mind  
Love is a lesson to land in our time  
Please, won't you bear in mind tonight
