No, I might-a look small
I'm not a little girl anymore
And I'm gonna stand tall
Even though you're walking out the door

'Cause I've been through many changes in my life
It's really nothing new
And after all I've been through in my life
It really shouldn't be nothing (it really shouldn't be
nothing)
Getting over you

No, I might-a look small
I'm not a little girl anymore
And I'm gonna stand tall
Even though you won't see me no more

And I know it's like to love and to lose
It's kinda like having a bruise
Before you know it, it's all in the past
It really shouldn't be nothing (it really shouldn't be
nothing)
It really shouldn't be nothing getting over you... oooh...
oo-oo

'Cause I have seen many changes in my life
It's really nothing new
And after all I've been through in my life
It really shouldn't be nothing (really, really shouldn't be
nothing)
Getting over you-ou-ou... ooo...ooooh....
Hey-ey....

No, I might-a look smal
I'm not a little girl anymore, no, no, no, no
And I'm gonna stand tall
Even though you're walking out the door
I'm not such a little girl
I'm not such a little girl
Oh, I'm not such a little girl
I'm not such a little girl, oooh, oooh

I'm not such a little girl anymore
I'm not such a little girl...
