I was traveling with my band
we're floated into Amsterdam
did not see no trees,
did not see no tulips
but that's alright with me

red light ladies
tell me where could your love go
sittin' in your windows, lock doors,
went to the store
ah, you have to be so bold
red light lady, lady, lady, lady
that's okay, lady, lay

a New Year's eve was a revolution
tryin' to scratch off your New Year resolution
red light ladies
where did your love go
spendin' up all your money to buy a car
will you travel very far?
red light lady, lady, lady, lady, lady
lady, lady, lady, lady, lady, lay--
la-la-la-la-la-la-la-la-la-la-la-la-la-la
lady, lady, lay
that's okay
