I was out the room to nowhere  
Not a friendly face in sight  
Had no place to go  
I felt so low  
Until you put me right  
Now I won't face another lonely night

Thanks to you  
And everything you said  
You straighten out my head  
I'm sleeping like a baby now  
There was I  
Pretending I was right  
You made me see the light  
I'm happy as a kid  
Thanks for all you did  
I'm sleeping like a baby now

Oh, I don't know why I left him  
What a crazy thing to do  
Had too much to drink  
And didn't think  
Of what I put him through  
I'm glad I'm listened to those words from you

Thanks to you  
And everything you said  
You straighten out my head  
I'm sleeping like a baby now (sleeping like a baby)  
There was I  
Pretending I was right  
You made me see the light  
I'm happy as a kid  
Thanks for all you did  
I'm sleeping like a baby now

I have thought that you'd be gone  
Or I'd be turned away  
Do you mend a broken heart each day?

Thanks to you  
And everything you said

You straighten out my head  
I'm sleeping like a baby now (sleeping like a baby)  
There was I  
Pretending I was right  
You made me see the light  
I'm happy as a kid  
Thanks for all you did  
I'm sleeping like a baby now
