I was old, but now I'm new
Upside down
Waiting for my cue
To be born alive
And I'm ready to arrive
So I can see what's on the other side
On the other side
On the other side
And I think I like it

I know I'm bad
And I know I'm good
My mama told me
And I never thought I would
Wanna leave outside
But the world is wide
And I must see what's on the other side
On the other side
On the other side
On the other side

So I went abroad
And I became a bride
Family, fame and fortune
I easily acquire
That you would think that I'll be satisfied
But the grass is always greener on the other side
On the other side
On the other side

I've been happy and I've been sad
And my restless spirit is turning me quite mad
I just wanna die
I'll take this pill and I slide
'Cause sleep must be better on the other side
On the other side
On the other side
On the other side
And I think I like it

Now don't feel sorry

No, no, don't you worry
There's another side to my story
On the other side

On the other side
On the other side
On the other side
On the other side
On the other side
Turn it over
