In a sense
I seem to sing the same song
Every song I'm singing, it's for you
And I'll try to reach your point
Where the words don't really matter
Sometimes they are red
And sometimes they are blue
They're for you, they're for you
They're for you, yeah

Every night
I seem to dream the same dream
Every time I'm dreaming
It's with you, yeah
And I can't quite remember
When I wake up in the morning
In a dream, my head was red
Or maybe it was blue
It was you, it was you
It was you, yeah
It was you, it was you
It was you

I may go down
Slow down to the sea and stand
Choosing hand
Toes in sand
Looking out and wandering

I may wake up
Take a path a day as I
Seem to fly
Seagull high
Reeling in the watery sun

In a sense
I seem to sing the same song
Every song I'm singing, it's for you, yeah
And I'll try to reach your point
Where the words don't really matter
Sometimes they are red
And sometimes they are blue

They're for you, they're for you
They're for you, yeah
They're for you, they're for you
They're for you

[INTERLUDE]

Every night
I seem to dream the same dream
Every time I'm dreaming
It's with you
And I can't quite remember
When I wake up in the morning
In a dream, my head was red
Or maybe it was blue
It was true, it was true, it was you, yeah
You're true, yeah
Sing my song the same one
La la la la la, la la la la
La la la la la, la la la la la la la
La la la la la la la la la
