I'm just spot underneath right to you
I'm a cup, fill me up to the brink
Come on, take a drink
I wanna hear you sing
I wanna hear you ringing, yeah

You know the town, its horse in the back
Is their feet are better than holes in your shoes?
Boy, you sure give me the blues
And right now the earth is turning round
Even when I'm feeling down
When I'm feeling down

And your thoughts and no invitations
And you don't give me no explanations, no
Now your thoughts and no invitations
And you don't give me no explanations
Anymore

So I'll sit here singing my song
Hoping you may hear them come along
Where you are
If I could make this guitar play,
What words can never say

There you are with hand out that for more
But tell me what are you asking me for?
Oh oh oh oh oh
