You came  
You saw  
You conquered me  
And I love every minute of it  
Like a whole different space  
For my mind to relate to

You touch (you touch)  
Down inside (down inside)  
Much too deep to forget  
You're my one desire  
With a smiling face  
And your warm embrace, ooh

Everything only meant you  
I surely like (I like it)  
I surely like  
Everything since I meant to you  
Feels just right

(You came)  
(You saw)  
(You conquered me) and I love every minute  
(You came) of your loving  
(You saw) ooh  
(You conquered me)

You came  
So did I  
To the conclusion being hooked on you  
With its ups and downs  
I just wanna live every minute  
With my soul and everything in it

You touch (you touch)  
So did I (so did I)  
On something too good to say goodbye to  
And he could never lie to  
Ooh ooh ooh ooh, ooh ooh ooh

Everything only meant you  
I surely like (I like it)

I surely like  
Everything since I meant to you  
Feels just right

(You came) ooh, ooh  
(You saw) ooh  
(You conquered me) I like it  
(You came) I like it  
(You saw)  
(You conquered me) and I love every minute

(You came) of your loving  
(You saw)  
(You conquered me) I love every minute  
(You came)  
(You saw) of your loving  
(You conquered me) oh yeah, yeah

(You came)  
(You saw) yeah, yes you did  
(You conquered me) much too good to forget  
(You came) of your loving  
(You saw)  
(You conquered me) I love every minute
