So you're passing me by  
Another girl has caught your eye  
Well, wherever she is  
Do you think it could be better than this?

Just give me some time alone with you  
Before you walk away

[Chorus:]

'Cause baby, you don't know what you're missing  
(you don't really know)  
You don't know what you're missing  
(you know you really don't)  
You don't know, you don't know  
You don't know what you're missing, my love

Come on closer to me  
(come closer, closer to me)  
Don't be afraid of what might be  
You'll be safe in my arms  
(you'll be safe in my arms)  
'Cause I'm not gonna break your heart

Just give me some time alone with you  
Before you walk away

[Chorus]

Ooh (ooh), I like to look at you (like to look at you)  
Moving to the music, doing what to do  
Ahh, but the best is yet to come  
When you dance with me (when you dance with me)

[Chorus]

[Interlude]

Ooh, but the best is yet to come  
When you dance with me (take a chance with me)

[Chorus]

You don't know what you're missing  
You don't really know  
You don't know what you're missing  
I say I told you so  
You don't know what you're missing  
You don't really know  
You don't know what you're missing  
I know you really don't  
You don't know what you're missing  
You don't really know  
You don't know what you're missing  
You don't really know....
