How many nights
Do I have to stay awake
Lighting candles
'Cause you aren't here?

My old scrapbook
Lays fatally wounded
With no words in the veins,

How many nights
Do I have to wait
To end up with your silence
And make you come out again?

And shine... for me
You, Electricity.

Swings like a pendulum
Inside, by now
Energy ran out.

She is the whimsical type
She is back tonight
She is welcome
At any time,

May not come when I ask for
But can't complain,
Whenever it's good
It's so good.

And I feel
And I feel her
Breathing in me
See her within my eyes
My eyes are blood injected

She is the electricity that
Turns on my heart
And I feel her passing
Through my fingers

Swings like a pendulum
Inside, by now
Energy ran out

She is the dream that made me
The dreamer I am,
Even in my nightmares

May not be what you ask for
But can't complain
Whenever it's good
It's so good.

And I feel
And I feel her
Breathing in me
See her within my eyes
My eyes blood injected
She is the electricity that
Turns on my heart
And I feel her passing
Through my fingers (x2)

Through my fingers
Through my eyes
She is the fuel
The only reason I've got
To stand
