Queen divine
Unleash me

Queen divine
Ride on me

Red and delightful rabbit
Decoy for
Hunters like us,
Running through
The forest grey
Leaving it's scent
On the air

Queen divine
Ride on me

Forest grey is hostile
Not as hostile as we are
Ground languishes
Under the strike
Of my hooves
Under the sky

Under the indigo sky
We chase a rabbit in red
Euphoria pulls the reins
My body is awake

All the chemistry in my head
Pushing me over the cliff
My blood bumping in my chest
Almost ready to explode

I really really really really really
Want to taste it all
I've lost my time awaiting
Time to have it all

I really really really really really
Sense the smell of stones
All my body is awaken

This can't be wrong

Torches in the mist we are
Forest grey opens
It's jaws and it's Thorns
Do me no harm
I strike the ground
And it obeys
This place... spins... around us
I feel I'm the core of the Earth

Forest grey is hostile
Not as hostile as we are
Ground languishes
Under the strike
Of my hooves
Under the sky

Under the indigo sky
We chase a rabbit red
Euphoria pulls the reins
My body is awake

All the chemistry in my head
Pushing me over the cliff
My blood bumping in my chest
Almost ready to explode

I really really really really really
Want to taste it all
I've lost my time awaiting
Time to have it all

I really really really really really
Sense the smell of stones
My body is awaken
This can't be wrong

I never never never never never
Felt so alive
In my life

The ground, the weather
And God
They all obey us both
While queen divine
Rides on me
The moths follow our light
Forest grey can be hostile
Not as hostile as we can be
