Till the end of day  
Until we meet again  
Pages won't be turned  
Or written down.

Just like every day  
You blow a kiss and disappear  
Always reaches my heart  
Then moves away...

And it goes with the wind  
Grazes water and tip of the spikes  
Spikes on fire  
Until it arrives to the very ear of  
Queen of the southern seas

Until we meet again  
Wherever you are now  
Send me a kiss,  
It will come to me

And it goes with the wind  
Grazes water and the tip of the spikes  
Spikes on fire  
Until it arrives to the very ear of  
Queen of the southern seas

And If she blesses it's message  
She will guide it towards shores of Java  
She'll take it from underwater  
She'll let it go it's way

And then it founds the devil  
Knitting gloves for winter coming  
He says honey Hell's boiler is broken  
Stay with me...  
Stay with me...

Till the end of day  
All I do is hold the breath  
I try to keep in mind  
It's a matter of time

I cannot be afraid  
If something is certain  
Your kiss will save my day  
I know for sure...

And it goes with the wind  
Riding cranes of paper, laden with  
Our desires  
For everyone to feel the bond  
That ties us both

It ascended to Mohira  
God was having a cup of tea  
He put it in a shell and make it  
Sail against the stream

And then few minutes later  
Comes with the wind, soft and tender  
Right straight to my forehead  
For me to sleep, for me...
