Jackal follows it's tale between leaves
Leaves between leaves
In it's eyes no malice
Playful seems, peaceful scene
Till it's fang buries
In neck of a partridge

Oh it bleed, it bleed, it bleed!
Nevertheless it has no malice
Lilith, Lilith, Lilith!
The fruit of your loins
Has shown up what he can do

With horror in my face
Heart troubled by the repugnance
So numbed that I couldn't hear she
Singing on that hill

Naked to the bone
I felt my flesh was something gross
I couldn't see the unity
I thought my soul was something more

Shocked into pieces,
So afraid as I could be
When with the foot I step on the trap
Heavily I fell on the ground

Grass was sweet and soft
Lilith had me in her arms
But the only thing I could feel
Was the necessary pain

Oh let me go
Let me go
Lilith is the tempest
And the drought

Oh let me go
Let me go
Jackals are laughing
Jackals are laughing

(X2)

Oh the sun melting with the earth
How could these facts
Passed by so silently?
Can't be seen
Until the advent of the necessary pain

Let them come, let them stay,
And they'll go
The Fear and the trembling
Let them come and stay
Even though it scares you
Even though it hurts you

Lilith, collide with me, in me (x3)

Lilith Lilith Lilith
Even if you scare me
More than death itself
