There's this dream  
She won't give up for  
Has taken her far away

With the great persistence  
Of her eyes she  
Keeps us in the outside  
In outward realm

I'd like to say I understand her  
But I'm deceitful as a snake

Plays music  
I fool around her,  
When the truth is that  
It never gets to me,  
I'm deaf

So persistent her eyes  
Keep her joy save inside  
How stubborn can be  
All the circles we cast  
Circles around her bed  
We say what's best for her  
We have been told the truth  
Can be known, can be taught  
So... she shall be awoken

Wherever she goes  
There's no place for us (x2)

(Oh oh) wake up, wake up, wake up,  
Wake up now... (x2)

(Oh-oh-oh) wake up,  
Wake up, wake up...  
Wake up now!  
Baby it's me  
Baby I'm here  
Wake up now!

(Oh-oh-oh) wake up,

Wake up, wake up,  
Wake now!  
Baby it's me  
Baby it ain't real  
Wake up now!

The taste is bitter out here  
Reality can be grey  
We face it everyday  
We surrender and we fail

Through the corner of her eye  
Shines this thread of light  
Plants a doubt in my mind  
What's best for her?  
To let her dream?

What if this dream  
Takes my love  
Away from my side? (x2)

(Oh oh) wake up, wake up, wake up,  
Wake up now... (x2)

(Oh-oh-oh) wake up,  
Wake up, wake up...  
Wake up now!  
Baby it's me  
Baby I'm here  
Wake up now...

(Oh oh) wake up, wake up, wake up,  
Wake up now... (x2)

(Oh-oh-oh) wake up,  
Wake up, wake up...  
Wake up now!  
Baby it's me  
Baby I'm here  
Wake up now!

(Oh-oh-oh) wake up,  
Wake up, wake up,  
Wake now!  
Baby it's me  
Baby I'm here  
Wake up now!
