For once in your lifetime you  
Should ask to be forgiven  
For once in your lifetime you should  
Have stayed instead of  
Freaking out...

Has been tough to understand  
The illogic of your reasons  
It was tough to accept  
You left through the window

You were leaving...  
Through the window  
You were leaving us...

Through the window  
Through the window...

For once in your lifetime remember that  
Iâ€™m the child here  
For once in your lifetime behold  
Instead of forcing... The world  
To fit into your own size  
You threw me and the world  
Trough your window

Was caring about me  
A menace to your own  
Conservation instinct?  
A menace to your freedom?  
What were you afraid of?  
Is not that I was going to  
Take your life away

Feels like a  
Spider climbing up  
To my neck  
One poisonous bite and you appear  
Into my life looking like a living dead  
Is not that you are here for me

Donâ€™t even touch me unless you

Wear cotton fingers  
Don't come around here  
Unless you have  
Remorse on your back

Don't you dare to come in  
Through my window  
Don't you dare to come in  
Through my window

You made such a mess with me...  
Cause you left such a mess in here...
