Why, in disgrace  
Cry, with his face  
Grown, out of shadows  
Roam, all this place  
Loud, are the screams  
Crowd, gather brings  
Frown, on the faces  
Down at the fire ring  
Raven, judge this day  
Driven, to always pray  
Spoken, words defined  
Fallen, to decay  
Run, I hear them coming  
Done, fate is ending  
Sun, will never see  
What was meant to be

Flames, torches brought  
Games, in their thoughts  
Calls, of the guilty  
Falls, in society  
Burn, for your sins  
Learn, what this brings  
You, you won't forget  
Oh the suffering

You call me liar. You call me the wretched town clown  
Feed us to fire. Bleed us all over your holy ground  
Don't be mistaken. Don't point your finger my way  
Feed us to fire, but my ashes are here to stay

Plague, of innocence  
Wake, your citizens  
Come, save the pyre  
From, burning higher  
Fate, you were wrong  
Wait, until the dawn  
Said, I must be strong  
Dead but not for long  
Days, of tribulation  
Ways, of desecration  
Tolls, of a nation

Folds, like a worm  
Oh, father's son  
No, thy won't be done  
Oh, father sons  
The game's just begun

(Chorus)

(Chorus)
