Defied, denied, just about died  
Watching the angels go flying by  
Left behind to witness what's left  
Why didn't they take me so I can rest

Taken from me my soul asylum  
Should have hung on all the time  
Where did you go when the rain was pouring  
Find me shelter where the sun is going

We are the evil  
We walk with no rest  
We are the evil  
From now until death

Everyone's gone now, feel the calm  
Oh, to be left behind. Oh, to be found.  
Hear the sound of nothing around me  
Oh, to be left behind. Oh, to be found.

The plagues they came and left before  
Only entered the chosen doors  
Many passed and many cried  
But why did I get left behind

We are the evil  
We walk with no rest  
We are the evil  
From now until death

They could have taken all but one  
They could have left me my golden son  
They could have taken and be gone  
And leave me my Chosen one

The plagues they came and left before  
Only entered the chosen doors  
Many pass and many cried  
But why did I get left behind

We are the evil  
We walk with no rest

We are the evil  
From here until then  
We are the evil  
We walk with no rest  
We are the evil  
From now until death
