"Miss You"

I'm the kind of person who becomes attached to all my
loves

I'm the kind of person who just can't fly away like a
dove

Still I know you're gone

And it's time for me to move on

But this pain in my heart just won't let me be

(C) In the early morning, I miss you

In the early evening, I miss you

At this very moment, I miss you right now

From the time I wake up I go about my daily deeds

When I put on my make-up I realize that I'm in need

To see your face

Just like it used to be

I'm haunted by love's memory

(C)

I miss you right now, it's been pain from the start

Since you've been gone, what will I do with this hole in
my heart

I've got this desperate feeling that hits me almost
everyday

That from the time we're breathing we're slowly
passing away

Still I know you're gone

And it's time for me to move on

But this pain in my heart still lingers on
