Little bits of life float by
I'm rolling in the dust
Aching for a love to feel
Somehow I am enough

Spinning out among the clouds
And echoing somewhere
Staring at the picture in my head
That says you're there

And I feel and I know
And I see you go

(something in your eyes)

Straight into the heart of me
La la la la la
And all the hidden birds fly free
Yeah

(Something in your eyes)

Straight into the heart of me
La la la la la
So nice to feel a love just be
So free

I wanna light up all the darkness
That your heart could ever fear
Cradle all your secrets and then
Swallow all you tears
Listen to the rhythm of
your breathing in the night
and touch you like a thousand feathers
floating in the light

And I see and I know
And I feel you go

(Something in your eyes)

Straight into the heart of me
La la la la la
All the hidden birds fly free

(Something in your eyes)

repeat
