From the start  
Love was swaying, bouncing  
Orchestra playing loud  
Oh, so enlightening  
But it also felt frightening when

A lasso in high speed  
Make a perfect knot  
Around my knees  
I'm falling into warm embrace  
While secretly in chains

'Cause I wanna call it forever  
Call this thing forever, forever  
I wanna call it forever  
Call this thing forever, forever

These promises deform  
My spiritual stability  
Dedication so newborn  
Burning flavors inside of me

Oh, from a vision I recall  
Your presence in a zoom  
Now loving words are faint  
'Cause I'm too tight  
In your embrace, oh, oh

I wanna call it forever  
Call this thing forever, forever  
I wanna call it forever  
Call this thing forever, forever

Now big tears splash my eyes  
I keep my female personalities  
Romance blooming smells so nice  
Outplays any harmonies

Oh, I'm floating up stream  
And my knees are shaking  
So as we sway, orchestra play  
Oh, I hope we make it

I hope we do upside

I wanna call it forever  
Call this thing forever, forever  
Oh, I wanna call it forever  
Call this thing forever, forever

I hope, yeah  
I wanna call it forever  
Call this thing forever, forever  
'Cause I wanna call it forever  
Call this thing forever, forever
