Open the door, there you're standing in a row
Dancing in a twisted blue form of light turning over
Making a sound, then your braiding it around
Turning in a twisted blue form of light moving your
shoulders

1, 2, you move, your feet, your shoes
Flying like a arrow in the room

Be my angel, love
Tell me everything i need from above
Be my heroin, tell them please what we need to never
be sin
Be forever sun
Never, never, ever stop everyone
Be my shining light
Lady, i believe you transform the night

Open the door, there you're standing in a row
Dancing in a twisted blue form of light turning over
Making a sound, then your braiding it around
Turning in a twisted blue form of light moving your
shoulders

1, 2, you move, your feet, your shoes
Flying like a arrow in the room

Be my angel, love
Tell me everything i need from above
Be my heroin, tell them please what we need to never
be sin
Be forever sun
Never, never, ever stop everyone
Be my shining light
Lady, i believe you tranform the night

You open my mind, got me floating out of time
Dancing in a twisted blue form of light
Drifting a sound, got me turning it around
Moving in a twisted blue form of life moving your
shoulders

1, 2, you move, your feet, your shoes
Flying like a arrow in the room
