Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished
tomb now

Textiles with textures caressing your skin
Woman so primitive looking content
Pout your lips, you're such a bird
Don't utter a word

Don't wrinkle your forehead
Don't even think recommendation from a magazine
Pout your lips, you're such a bird
Don't utter a word

Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished
tomb now

Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished life
Flourished and sprayed with perfume
So sweetened, you're doomed for a well garnished
tomb now

Puddle clip claps in healthy cells
And glittering skin such an atomic bomb
When she steps it in

What an ideal
To make you proud lick her face
And tell her wow pout her lips, she's such a bird
Don't utter a word

It's a recommendation
