My friend's got a bruise on his leg, a bruise on his leg  
everytime you speak.

My friend's got a bruise on his leg, where I press my  
knee

everytime you speak.

Actually, bottom line, you tell the truth sometimes.

Sometimes you tell the truth like you're pulling taffy.

My friend's got a bruise on his arm, a bruise on his arm  
everytime you speak.

My friend's got a bruise on his arm, where I shove my  
elbow

everytime you speak.

Actually, bottom line, you tell the truth sometimes, and  
sometimes you

tell the truth like

you're pulling taffy.

My friend's got a bruise on his ribs where I poke my  
finger

everytime you speak.

My friend's got a bruise on his ribs, his rib cage is now  
numb

everytime you speak.

Actually, bottom line, you tell the truth sometimes,

and sometimes you tell the truth like you're pulling  
taffy
