You're so daft
They say you're boring
Rumours going round
Head bowed down
Oh so quiet
One with the ground

Tell me the last time that you smiled
and the last time that you cried
There must be something going on inside
There must be something going on inside

Why don't you tell what's on your mind?
Nothing's gonna change, you can keep on whispering
Why don't you tell what's on your mind?
It's no reason to be all that boring

Why don't you tell what's
Why don't you tell what's
Why don't you tell what's
What, what, what, what's
Why don't you tell what's
Why don't you tell what's
Why don't you tell what's
What, what, what, what's

Oh so much you must be storing
I can't hear your heart beat
I tend to forget how it was before
and why I don't feel you're heat

Tell me the last time that you smiled
and the last time that you cried
There must be something going on inside
There must be something going on inside
There must be lights going on inside.

Why don't you tell what's on your mind?
Nothings gonna change you can keep on whispering
Why don't you tell what's on your mind?
It's no reason to be all that boring (repeat)
