What you thinkin' of?

Darlin' you've been with me every day

But you seem so far away, I know

No, it's never enough

To smile and say there's something on your mind

If you doubt my love

Know that it's here all the time

If that's not what you're lookin' for

If it's not what you need to know

And if there is somethin' more

Girl, I'll give you anything you want

Girl it's been so right

Nobody could ever love you more

I've never been more sure

Where in the middle of the night

I hold you near

And take your heart in my arms

Swearin' all my love

That's something you've known from the start

If that's not what you're lookin' for

If it's not what you need to know

And if there is somethin' more

I'll give you anything you want

If that's not what you're lookin' for

If it's not what you need to know

Know that you're free to go

Just be sure that what you want

Is not what you got

Hold me

Oh, hold me tonight

Forever

Here, my love

So you'll never

Fly away

(SOLO)

Gotta work it out

I'm tryin' to hold on to our romance

We've only got one more chance I know

So tell me what it's all about

Oh darlin' if there's still a way to your heart

I'll use all my love
To keep us from fallin' apart
If that's not what you're lookin' for
If it's not what you need to know
And if there is somethin' more
I'll give you everything you want
If that's not what you're lookin' for
If it's not what you need to know
Know that you're free to go
Just be sure that what you want
Is not what you got
