I've always said that I believe
Anything can happen
But lately I'd been wonderin'
If that's really true
For a boy
Time can be a lovely dance
But suddenly the music can fade
'N leave a man alone
And dreamless
Until he only sees
That he's used up all his chances
After all
Till now
Only a miracle could do
To save the man
I've turned into
Won't somebody let me know
Where's my miracle?
Love,
It always sang so easy
Just like a child who plays with
Imaginary friends
I could see
The face of someone I believed
But only in the words of a song
Then she came along
And got me dreamin'
'N that's when you began
'N when I held you
I held a miracle in my hand
Till then
Only a miracle could do
What I have finally found in you
And I gotta let you know
I believe again
Miracles can happen in the end
