I want all my jewellery back All the love that we had Conversations that we had Why you gotta make me mad?

To the left my hundred tats Now II'm all dressed in black You knew I'd never lash Why you gotta hurt me like that?

Don't know how you managed To get me here all damaged You never had there you have him It's good, I'm gonna manage

You thought I was a clown But look who's laughing now Could somebody tell me how We're laying on the ground?

Now I'm standing in the rain
I just hoped you've seen my face
But I ain't here in pain
Just here, no hope or faith

I started to feel the change You needed more time and space Then I saw you chillin' with Maisy I was like oh my God, oh my God

You really had it fine Compressed and good for now Glad I'm not around It's just good I shut you down

I want all my jewellery back All the love that we had Conversations that we had Why you gotta make me mad?

Now you're just an addict You're stuck with a dirty habit Can't figure out the magic Of Da Vinci coka crackin'

What goes around, comes around - that's karma I'm outta character, you're actin' up - that's drama They say what you don't know can't hurt you, well I know

Excuse my French, Je ne pleure pas

Is that how you dissin' on man? Yea
Is that how you dealin' with man?
Stupid - fill in the blank
You know boys don't cry, I'm on ma Hillary Swank
So what? You wanna take liberties girl?
I swear you do things just to see me get mad
Do you think that you're bad? Do you think that I'm gas?
Cool
Well, light the match. Boom

You know pagan? Fuck you
I'm on my Eamon
I won't box you...nah, take your hair
Shave it, Trevor Nelson you
November 5th burn your bags
Melt them shoes
What else can I do?
I bought them anyway

Up on my halo and I turned my back, left in the middle of nowhere

I never thought I'd wipe no tears from these eyes from just sayin' goodbye
