My female messiah,  
So glad that you came.  
Your presence has touched me,  
My religion has changed.  
Iâ€™m walking on water,  
You strengthen my faith  
Feels like I feel you  
In each drop of rain, rain, rain

Just like a perfect work of art,  
Picasso on display,  
Girl you are my inspiration

Youâ€™re my idol,  
On the bible  
Girl I must confess,  
Your love is the best.  
Youâ€™re my idol, And only I know,  
How to worship you girl

Iâ€™ll never leave  
Iâ€™ll never leave  
Thatâ€™s where I will be  
Thatâ€™s where I will be

Your loveâ€™s like a temple,  
So sacred and precious,  
You have my heart,  
And thatâ€™s my confession  
I found the truth and I found it in you.  
Everything you teach me Iâ€™ll use

Youâ€™re like a perfect work of art,  
Picasso on display,  
Girl you are my inspiration

Youâ€™re my idol,  
On the bible  
Girl I must confess,  
Your love is the best.

Youâ€™re my idol, And only I know,

How to worship you girl

I just can't figure out what to say

You're my idol,  
On the bible  
Girl I must confess,  
Your love is the best.  
You're my idol,  
And only I know,  
How to worship you girl  
I'll never leave  
I'll never leave  
That's where I will be  
That's where I will be

In the vision I saw you  
I couldn't even breathe  
In all of the universe  
Tell me how long it'll really be  
HOW LONG WILL IT TAKES UUUUUUUSSSSSSSS?!

You're my idol,  
On the bible  
Girl I must confess,  
Your love is the best.  
You're my idol, And only I know,  
How to worship you girl  
I'll never leave  
You're my idol,  
On the bible  
Girl I must confess,  
Your love is the best.  
You're my idol, And only I know,  
How to worship you girl  
I'll never leave  
I'll never leave  
That's where I will be  
That's where I will be
