I put on my jeans and shirt and shoes the same  
And I'll leave my house and show my face again  
I thought that I could find a way to hide the truth  
But everybody knows  
Everybody knows

I'm tryna smile  
I'm tryna lie  
I'm tryna live another life

Tryna be the me without you  
It's like driving in a car with no wheels  
Flying through the sky with no wings  
A needle in the eye don't sting  
When you're underwater you can't breathe  
When I need to call you I can't reach  
Tryna light a fire with no spark  
No match and no fuse  
Tryna to be me without you

Oh it's hard to find somebody new  
When the only one I'm looking for is you  
I thought that I could find a way to hide the truth  
But everybody knows  
Everybody knows  
I'm tryna smile  
I'm tryna lie  
I'm tryna live another life

Tryna be the me without you  
It's like driving in a car with no wheels  
Flying through the sky with no wings  
A needle in the addict don't sting  
When you're underwater you can't breathe  
When I need to call you I can't reach  
Tryna light a fire with no spark  
No match and no fuse  
Tryna to be me without you  
Me without you

I'm tryna win  
I; m tryna find

I'm tryna make it through the night

I'm tryna run

I'm tryna sleep

I'm tryna feel

I'm tryna keep on

Tryna be the me without you

It's like driving in a car with no wheels

Flying through the sky with no wings

A needle in the addict don't sting

When you're underwater you can't breathe

When I need to call you I can't reach

Tryna light a fire with no spark

No match and no fuse

Tryna to be me without you
