[Verse 1: Lola Monroe]

Yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah

On some real shit, these bitches ain't fuckin' with me

These niggas is lames, and they can't fuck with me

Any rap bitch, with an issue come and get me

Picture that, come and get me

Damn I go so cold, these niggas all hot

And if your circle ballin, why these niggas off block?

Jockin' ass, y'all knockin' ass

I'mma hate on a nigga just stop and ask

Hate to see your body glow, like the police clothes

I'm a double o blow with your boxing ass

Ain't no need for all that makeup, love you're

naturally a clown

If you worked on getting your paper up, you could

gradually get down

All these bitches screaming hustle, and they ain't

never seen one

Bitch I hustle for a dolla, 'til I ain't ever need one

Duck, duck goose, these bitches, and make them take

a seat

Cause judging from my bankroll, they should really

take a plea

Bout to paint the Phantom pink the top off and ground

get it

Baddest bitch in the game is what I'm is, and I'm

gonna get it

[Hook: Courtney]

They be askin' where I'm goin'

All this moneys what I've been showin'

From the bottom's where I came

And I did it on my own

Ain't nobody give it to us

Think about it every day

Y'all been fuckin' up the game

Y'all been fuckin' up the game

Y'all been fuckin' up the game

Y'all been fuckin' up the game

[Verse 2: Lola Monroe]

Yeah, yeah, yeah, yeah

How they spell Â'em, yeah they wanna get with L-O-L-A

Dana and the yellow bellies catch me in the yellow
lambo

TalkinÂ' on the yellow celly, all about my deli, that the
ham

You wonderinÂ' am I Â'bout to kill this? Yes I am

Wiz told me get Â'em, hangin portraits for they
headshots

Wake Â'em out they sleep, like they bed rocked

Where these dust buckets come from

DonÂ't know what these bitches used to

But I got a couple questions for you cloned out new
crews

Thought you fuckinÂ' with us? Thought you fuckinÂ'
with us?

One more, really thought you fuckinÂ' with us?

Never, Taylor, Taylor, TaylorÂ... Gang

[Hook: Courtney]
