nah it can't be love when they touch you in them places,knew it wasn't right it was really hard to face it.Her moms aint believe her like she really tried to fake it filled with pain and so much hatred.All towards a nigga that said he loved her,how you gone raise her turn around and touch her now she far gone thinkin niggas aint worth love chasin after money like that's all that's worth love whatchu do now cause the game been cold you been livin this life bein so damn bold. You dun had to learn the hard way with glitters and gold,seems like no one understands you like they wanna see you fold,it aint about them,its about you and every nigga aint a fuck nigga first get through.And everything aint bout a nigga cause your life about you and everything aint bout a nigga make your life about you.You know shit didn't seem like all odds was against me before and just got one word FAITH.Love is real,and that's real talk.Don't ever make any excuse not to believe that.  
BELIEVE THAT .
