Throw me away  
You can treat me like trash  
But still I turn around babe  
An' give ya all-a my cash

You can send me far away  
Somewhere down on the track, now  
But just like a boomerang baby  
You know I'll come right back

There ain't nothin' you can do, darlin'  
To stop me from lovin' you  
Oh, there's nothin' you can say, darlin'  
Little girl, to drive me away

You can call me names  
In the presence of my friend  
That wouldn't hurt my feelin's  
You know that wouldn't mean a thing

It's gonna take a miracle  
To drive me away  
I'll be around babe  
Until I'm old an' gray

There is nothin' you can do, babe  
To stop me from lovin' you  
Oh, there's nothin' you can say, little girl  
Darlin', to drive me away

Oh, hahaha, come on, ya'all  
Well, alright

You can play with my heart  
Like kids play with toys  
I wouldn't give a damn

If ya tore it apart

You can walk all over me  
Then treat me like dirt  
So much in love wit' cha darlin'  
I wouldn't even feel the hurt

There is nothin' you can do, babe  
To stop me from lovin' you  
No, there's nothin' you can say, little girl  
Honey, to drive me away

'Cause I'm satisfied, with the love ya give  
I love ya baby, an' I know it's for real  
It's gonna take a miracle to drive me away  
But I'll be lovin' ya darlin' until I'm old an' gray

There is nothin' you can do, babe  
To stop me from lovin' you  
Hey, there is nothin' you can say, little girl  
Honey to drive me away

Woo! hoo-hoo!

Well, alright!  
Um!  
Oh!  
Woo!  
Woo!  
Well, alright!
