Another day waking up with the best intentions  
I fell asleep with a broken heart  
Guess I learned another lesson, is it  
All up in my head, heard that love is dead  
Now I'm starting to believe it  
Did my curiosity go and get the best of me  
Or did it happen for a reason? I know

I gotta be brave, I gotta be cool  
Nobody said this life was a bed of roses  
But I believe

We would die, we would die without love, we would die  
Disappear without love in our lives  
Die, die, die  
We would die  
Fade away without love, we got nothing to save  
Do you feel me, can you hear what I say?  
Without love we would die

We would die

Such a train wreck after you left  
Thought that life was over  
Codependent maybe so  
But you're giving me the cold shoulder,  
Am I really out my mind, wanna love someone for life  
Paints a pretty picture  
Won't you call the love brigade  
There's a woman down today  
Drowning in the glitter

I gotta be brave, I gotta be cool  
Nobody said this life was a bed of roses  
But I believe

We would die, we would die without love, we would die  
Disappear without love in our lives  
Die, die, die  
We would die  
Fade away without love, we got nothing to save

Do you feel me, can you hear what I say?  
Without love we would die

We would die, we would die without love, we would die  
Disappear without love in our lives  
Die, die, die  
We would die  
Fade away without love we got nothing to save  
Do you feel me, can you hear what I say?  
Without love we would die

Machine of love today  
How many victims can you claim?  
Won't ya just put your guns away?  
If you just shoot love  
We'll all be OK
