V1.

Take me back to yesterday
All the love we used to make
Feels just like a million miles away
I remember every touch
Never been so dumb in love
Lost inside a distance paradise

Pre

Oh lovers come and go
But I cant leave this boy alone
So un cool still not over you
After all this time I just cant get right

Chorus

It's kinda fucked up you don't love me no more
Its kinda messed up you don't want me no more
Its got me crazy
Cus i used to be your baby
It's kinda fucked up
That your running around
With your brand new
Bitch all over town
Got me crazy
Cus I used to be your baby yeah

V2.

Sentimental hurricane
I'm waking up alone again
Do you ever think about the way

I treated you just like a king
And what was I some summer fling
I guess that's why they say that love is blind

Bridge

You're not gonna find another girl to do right
Your outta your mind was the best thing that u had in
life

I'll be alright your loss baby nevermind
I'll be the one that got away
