V1.

10 million heartbreaks stupid lovers
End up leaving me lonely
The tragedy the valentine
Just waiting for him to phone me

Pre

Then you came along
And killed the lonely song
We are the truth
Life is never the same
Just fly the flag for us
And bear the cross of love
Before the soldiers come and take you away

Hook

This is the end of the world as we know it we know it
Everything before this love is Armageddon
Do you hear my lion heart calling
Hey now hey now
Giving you my lion heart I'm falling
Reaching out reaching out
(Hear me roar) Roar
Do you hear my lion heart

V2.

I got the courage
Got the hunger me and you for a life time
Clear present danger understand
That it's my heart on the front line

Pre

In a chemical world I am a brand new girl
We are the truth life is never the same
Fly the flag for us and bear the cross of love
Before the solders come and take you away

Bridge

On the back of a stallion
Fearless brave enough to run
I've never been quite this certain
After all the years of searching

Lion heart lion heart lion heart
