[Intro]

I'm too sexy for this club OK...
It's Lolene

Oh baby follow me, I know you like what you see
Call your boys, I'll call my girls, we'll go out sometime
Oh baby look at us, not we're bumping in the club
Let's get naughty have some fun
Under the disco lights

Automatic, club addict, you and me we're gonna
Exercise our freaky side
It's automatic (so right)
Work at it (spot light)
You and me we're gonna (dance all night)
I'm calling out, I'm calling out

[Chorus]

Sexy people party with me
Get up off the wall if you're feeling the beat
I know what you want and I got what you need
So come on all my sexy people party with me
Hot boys get the girls
Sexy b*tches we rule the world
Low, we getting low
Sexy people party with me

Hold up

Oh baby look at you, you got style, yeah you so cute
They be jealous super staring cus they're diggin what
you're wearing
Hey DJ bring it back, keep it moving make us clap
And stomp, we do it how we want

Automatic, club addict, you and me we're gonna
Dance every night
It's automatic (so right)
Work at it (spot light)
You and me we're gonna (dance all night)
I'm calling out, I'm calling out

[Chorus]

Sexy people party with me
Get up off the wall if you're feeling the beat
I know what you want and I got what you need
So come on all my sexy people party with me
Hot boys get the girls
Sexy b*tches we rule the world
Low, we getting low
Sexy people party with me

[Bridge]

Party people 'round the world tonight we get low
(Sexy people party with me)
Free your mind and let loose tonight we get low
(Sexy people, sexy people)

Automatic, club addict, you and me we're gonna
Exercise our freaky side
It's automatic (so right)
Work at it (spot light)
You and me we're gonna (dance all night)
I'm calling out, I'm calling out

[Chorus]

Sexy people party with me
Get up off the wall if you're feeling the beat
I know what you want and I got what you need
So come on all my sexy people party with me
Hot boys get the girls
Sexy b*tches we rule the world
Low, we getting low
Sexy people party with me
[repeat]
