Everyone come listen
to this point you're missing

this is what you want so come and get it, get it,
you gotta give it up, you gotta

You've made a call to my attention, a call to my
attention
so I'll leave behind what I thought was mine, was...

All the time, all the time.

We are, we are saying
there's no point in staying
(will this keep replaying)
This is what you want so come and get it, get it,
you gotta give it up, you gotta

You've made a call to my attention, a call to my
attention
so I'll leave behind what I thought was mine, was mine.

All the time, all the time.

You've made a call to my attention, a call to my
attention
so I'll leave behind what I thought was mine, was mine.
