Tell em how we gonna get down
What you... may on I might get sign
Girl you know I want that body now
It's all I think about when you girl come around girl
And you drink in that coco low...
What that do to you girl I already know
Girl go ahead work it out
Turn the music on let me see what you're about

Hook:

First you gotta dim the lights
I wanna see you perform for me
I wanna feel you over me
Come be my personal fantasy
Girl girl oh
You know just what I want
So give it to me all night
So turn the lights I wanna see you perform for me
I wanna see you perform for me

Where are you right now, I'm over my house
With them red bottle heels on with that booty out
You can't get loud... scream and shout
I got some cool neighbors and they know what I'm
about
Yes I got you some coco...
What that do to you girl I already know
Girl go ahead work it out
Turn the music on let me see what you're about

[Hook:]

Hey
Perform for me
Yeah
Dim the lights lights lights lights lights lights
Go ahead and move to the left uhh
Go ahead to the left
Take your time girl
I slow it down girl
Move to the left, move to the left
Go baby girl you can do it by yourself

Now bring it back, bring it back oh girl
Now bring it back, bring it back girl
Bring it back, bring it back girl
Put it on me like you should girl

Hook:

Dim the lights
I wanna see you perform for me
I wanna feel you over me
Come be my personal fantasy
Girl girl oh
You know just what I want
So give it to me all night
Just dim the lights I wanna see you perform for me
I wanna see you perform for me
