feat. Jackie Long

Lonny Bereal, we got a surprise

How you gonn come through poppin like that?

Walkin like that, with a body like that
Nice cup holders, a bottom like that
We ain't even drunk but you got us like that
And I ain't gonn lie, in my mind you're so naked
Got you undressed and it only took a second
It bounce when you drop, girl, you ain't gotta shake it
I could trade a bottle for a little conversation

What's the situation?
I need some information
The name and location
Of where you want a vacation
Even if you're taken
It won't change what I'm sayin
And just to see you strip
I swear I'd buy every chip in Vegas so

[Chorus]
Girl what's your status?
But then again it don't matter
Cause I know you the baddest
And I think I gotta have it, have it, have it
You got that magic
That'll make you slide that plastic
If you want it, you can have it
Cause I know I gotta have it, have it, have it

So I heard, trickin ain't play it like
But if it's what I gotta do to make you spend the night
I swear the whole bar be empty
The cards in my hand don't tempt me
To give my daddy a warmer tone
Please let me see what them boys sure tone
And tell your girls you gonn holler at em later
I'm tryna trade a bottle for a little conversation

What's the situation?
I need some information
The name and location
Of where you want a vacation
Even if you're taken
It won't change what I'm sayin
And just to see you strip
I swear I'd buy every chip in Vegas so

[Chorus]

Girl what's your status?
But then again it don't matter
Cause I know you the baddest
And I think I gotta have it, have it, have it
You got that magic
That'll make you slide that plastic
If you want it, you can have it
Cause I know I gotta have it, have it, have it

You know I gotta have it
Come here and let me grab it
Uh girl you got that package
Uh I'm bout to tack it
Yea, a trick's for kids
I'm bout to do something so you can tell all your friends
You know what it is
And baby we can do this shit all over again
It's like magic (voila)
I'm glad you appeared
You can spin the chord, it's all on Twitter
You know my status, have no fear
You can have any shoe from any year
You want that Berkin bag? You got that Louie
You want that Fendy, you got that Gucci
Now let's ease down, let's make this movie
Cause at the end of the night it's gonna get groovy

[Chorus]

Girl what's your status?
But then again it don't matter
Cause I know you the baddest
And I think I gotta have it, have it, have it
You got that magic
That'll make you slide that plastic
If you want it, you can have it
Cause I know I gotta have it, have it, have it

Just in case yall ain't know
That was that boy Jackie Long
He don't just rap, the boy is talented, baby
