Do you remember
That October night
The 29th
I almost lost my life
Caught myself being a hero
Tryna' guard your heart
No matter how hard I fought
It was over before it started

I thought that we were
On the same side of the battle
Im on the frontline of disaster now
All makes sense, I've put it together
I guess what we have doesn't matter

You got me dying every night
Just because
You got me fighting every night
To prove my love
And we never get enough
For fighting in the club
Im dying for your love
I don't know what you want
You got me fighting every night
To prove my love

All I ever did was
Just try to play my part
Try to be the man who would not
Let you get taken advantage of
But you let it go on
And every time I see you with him
I wanna crack his dome

I thought that we were
On the same side of the battle
Im on the frontline of disaster now
All makes sense, I've put it together
I guess what we have doesn't matter

You got me dying every night
Just because

You got me fighting every night
To prove my love
And we never get enough
For fighting in the club
Im dying for your love
I don't know what you want
You got me fighting every night
To prove my love

You got me dying
Fighting every night
Dyin...
Fighting every night

You got me dying every night
Just because
You got me fighting every night
To prove my love
And we never get enough
For fighting in the club
Im dying for your love
I don't know what you want
You got me fighting every night
To prove my love

On the same side of the battle Oh I'm
